SIMPSON COUNTY WATER DISTRICT SUPPORTS EDUCATION
LADD NAMED SCHOLARSHIP RECIPIENT

The Simpson County Water District promotes education in the water supply field and as a part of its overall community involvement efforts by offering an annual scholarship. This is the second year this scholarship has been awarded to a Simpson County graduating senior. Stephen Ladd of Franklin-Simpson High School was awarded a \$1,000 scholarship to Western Kentucky University for the 2011-2012 academic year at the Franklin-Simpson High School Awards Program held May 26.

"Stephen's hard work and determination to succeed elevated him as the top candidate. We are excited to offer assistance as he furthers his higher education endeavors with a degree in Agribusiness," said Alan Vilines, general manager of Simpson Water. "This scholarship is another way we can serve our community and our customers."

In an effort to foster success of future water and sewer utility professionals, the scholarship is offered to assist a Simpson County high school senior pursuing further education in a related field. The scholarship is renewable for four years, as long as requirements are maintained.

For application and eligibility details, students should contact their high school guidance counselor or visit www.simpsonwater.com.

About Simpson County Water District

Simpson Water is a public water utility serving more than 3,200 customers and transporting over 1 million gallons a day throughout Simpson County. The system includes over 370 miles of pipeline in the Simpson Water service area, which spans 260 square miles. For more information visit www.simpsonwater.com.
